School Site Assurances - REQUIRED

On behalf of the school, the principal and vice principal, as instructional leaders, agree to:

Establish a well-defined school vision (supporting district vision) with goals and objectives for student achievement (*including the belief that all students can read at grade level if adequately taught*).

Support full implementation of the district's state-adopted reading/language arts program and protect the daily instructional time from disruptions for a minimum of 2.5 hours for Grades 1-3 and 1 hour for Kindergarten, through use of a pacing schedule.

Require, in Year 1, or the first year the teachers work at a Reading First school site, that all teachers (K-3 and K-12 special education) participate in a state-approved AB 466 program that may be provided by the LEA (with LEA responsible for 80 hours of practicum).

Require, in Years 2 and 3, professional development tied to the adopted materials and building on year 1 professional development for K-3 and special education teachers, coaches, coordinators, and principals, in accordance with the LEA's approved plan, and with technical assistance from the Technical Assistance Centers, as requested by the LEA.

Be involved in, and knowledgeable of, the instructional delivery of the program.

Organize and support regular, collaborative, grade level teacher meetings to discuss use of the instructional program and student results on the selected assessments, and to develop action plans for student interventions and/or additional teacher training.

Guide the monitoring of student progress based on the instructional program assessments and other assessments approved by the district; and use the results to make program decisions for the purpose of maximizing student achievement.

Attend, in Year 1, or the first year the principal works at a Reading First school site, AB 75 Principal Training Program for Module 1 based on the district's state-adopted reading/language arts program.

Insist on and ensure the full implementation of the adopted reading/language arts program for K-3 teachers.

Ensure that any supplemental materials, technology programs, or staff development programs will be in alignment with the scientific research-based, adopted program.

Assure that the school's Reading First Program and the staff and advisory committees responsible for Language Acquisition, Title I, School Improvement, and Special Education programs at the site level are coordinated.
